

A CENTURY OF MODEL BEHAVIOUR

Glasgow Herald 20th Aug 07

FLYING FANS: Glasgow South Ship Modellers Society chairman Con McGhee at a special event held yesterday to mark a century of model boating in Glasgow's Queens Park.

As our picture on the right, which was taken 100 years ago this September, shows, the event was as popular in 1907 as it is now, with many model boats filling the park's waters.
